#### BASE BALL COMMENT.

The announcement that Pitcher Stricklett has been released to Toledo will not be received with particular disfavor in Wheeling, though some of the fans are of the opinion that Pardee is the least offsative to the control of the fans are of the opinion that Pardee is the least effective twirler of the two The pair were with Kansas City last year, and Stricklett's percentage of victories eclipsed Pardee's considera-

The release of Stricklett to Toledo ought to silence the Columbus Dispatch man for all time. He if is who has been crying out that Wheeling is an aggregation of "farm-hands," and that the league ought to discipline the Storikation of the Sto the league ought to discipline the Sto-gle management. If Stricklett were farmed from Kansas City, does the Dispatch man believe Wheeling would be in a position to dispose of his ser-vices to another club? The plain truth is that there is not a string attached to any player on the Wheeling team, and this statement cannot be dis-proved. Pardee and Stricklett were bought for 10g each, and the money has sent to Manning by wire. As to the other players, there has been no claim that they were not Wheeling's wwn.

Bates is due to pitch to-day.

That was an awful drubbing the Stogies received from the Hoosiers Sunday afternoon, but a defeat is a defeat, and nothing more; Wheeling's 23-6 counted no more against her than Toledo's 9-8 Saturday.

Wheeling is the only Inter-state team that has not been at the wrong end of a shut-out game this season.

The quality of the sport furnished to fans by the Inter-state league teams is shown by the fact that there have been fifteen extra-inning contests before the season is one-third over, and one of these was an eighteen-inning contest between the Wheeling and Mansfield teams, which is likely to stand for the record for 1900 in any league in the country. There have been forty-one games decided by one run, and twelve games have been decided by the country of the co been forty-che games decleted by one run, and twelve games have been decided in the ninth innning. Columbus has been interested in eight games, which have been decided by one run, winning three such events and losing five. The Senators have also won three games in the fluth inning and lest one. #### STRICKLETT IS SOLD

To Toledo, and Bowman Will Join the Wheelings.
Special Dispatch to the Intelligencer

FORT WAYNE, Ind., June 10.—We have disposed of Pitcher Stricklett to Toledo. The pitchers complain that with five pitchers they don't get work Toledo. The pitchers they don't get work enough, and consequently are wild. Bowman, the college boy, will join the club on its return Thursday, and will be given a thorough trial. The infield has been going had the last few games, but as we are due for a streak we are having it now. Bates is in fine shape, and, together with Poole, will be worked every third day. President Power, of the league, is a guest of the Wheeling club on the trip, and the boys believe him a hoodoo. An effort will be made to secure the right to place clubs in Grand Rapids and Louisville; if not this year, next. They are applicants, and would add greatly to the standing of the Interstate league.

Progressive Neighbor.

It is reported that a certain salonist in this city is severely knocking against the firemen's tournament, to be held in this city early next month. It is also said that he refused to take any boarders during the convention, and told the Salem boys when in the city. Saturday, to secure quarters for their delegation of 150, that it would be a decided fake and that no teams were coming. Such remarks certainly are certainly ridiculous and were so considered by the Salem boys, who, together with the committee in charge, clearly in the history of the association. A man to make such remarks does not deserve the patronage of the people, and in all probability will not get it, as the old saying, "Birds of a feather flock together," is aptly applied to the firemen, who will most certainly unite their forces to throw trade of any kind to merchanta who are looking after the interests of the city. #### BELLATRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

The figuring now on the lower rate of taxation by reason of the decennial appraisement is the merest guessing. In some parts of Bellaire the increase in appraisement is 50 per cent higher than ten years ago. If this ratio is carried out all over the county it will reduce the tax rate, but this is not at all probable. In some parts of Bellaire alone it is said to be lower, but the probability that Bellaire, as a whole, will be higher and the question as to whether other towns and the whole county will be is the interesting one to inxpayers.
